## WORLD WONDERS

The world is full of wonders...including incredible habitats! Draw a line from each habitat to the continent where it is found. Have you been to any of these wild wonders?

- |                    |   |   |               |
|--------------------|---|---|---------------|
| Mount Everest      | 1 | A | Africa        |
| Amazon Rainforest  | 2 | B | Antarctica    |
| Everglades         | 3 | C | Asia          |
| Giant's Causeway   | 4 | D | Australia     |
| Great Barrier Reef | 5 | E | Europe        |
| Weddell Sea        | 6 | F | North America |
| Nile River         | 7 | G | South America |

*You did a wonder-ful job if you matched: 1-C, 2-G, 3-F, 4-E, 5-D, 6-B, 7-A*

## DID YOU KNOW?

Jellyfish are globe trotters and found all over the world, from surface waters to the deep sea! Most jellyfish are marine animals, although a few hydromedusae inhabit freshwater. Some are transparent and tricky to spot, like the Sea Walnut; others like the Pacific Sea Nettle display radiant colors. Use your imagination to color your very own jellyfish!

**LOL!**

**What is a sea turtle's favorite sandwich?**  
Peanut butter and jellyfish!

# Welcome, Explorer!

Prepare to travel light, as you can explore the world with us! Each month, we will highlight one of the seven continents. Can you identify the animals from each continent? What other animals can you find? Celebrate your world travels by collecting all seven stickers\* for this passport.

This crustacean has the largest leg span of its species.
